WALLS

CEILING

RANGE OF LED PANEL OPTIONS

Our virtual image panels bring the exterior inside, with stunning realistic visuals that brighten any space and help people feel more connected to the outdoors.

We can reproduce any type of graphic, from vivid natural scenery and bespoke photography to corporate branding and logos, allowing the panels to complement both relaxing environments and branded commercial spaces.

600mm × 600mm

Left: Recessed for a sleek, suspended ceiling finish.

Right: Surface-mounted for fast, flexible installation on walls or solid ceilings.

1200mm × 600mm

Perfect for open spaces, this panel works horizontally or vertically to suit your design. Choose recessed or surface-mounted for easy installation wherever you need it.

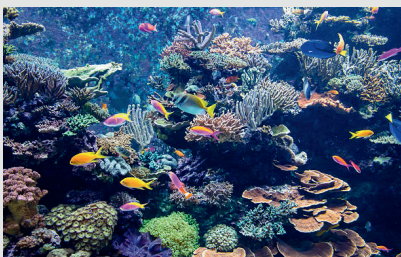

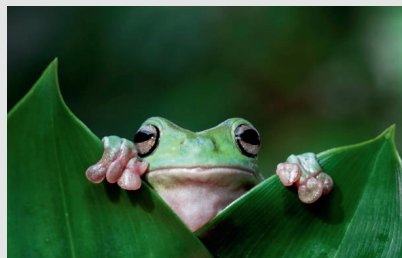

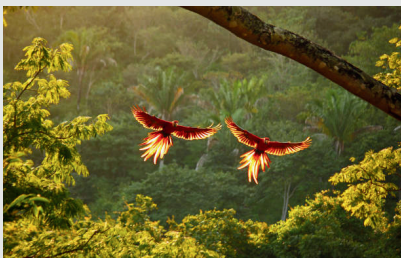

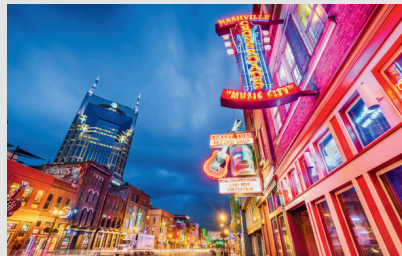

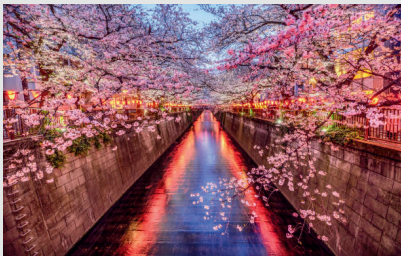

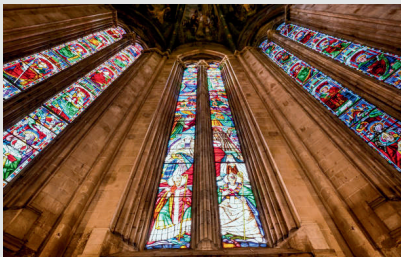

1200mm × 300mm

Designed for sleek, linear layouts, this panel works horizontally or vertically, & is also available recessed or surface mounted

CHOOSE AN IMAGE THAT CREATES IMPACT

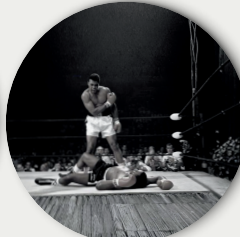

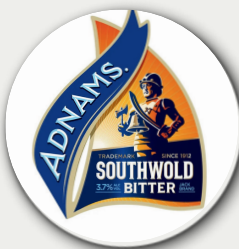

Please choose from our library, iStockphoto or supply your own.

All images must be a minimum of 300 DPI We will assess all images prior to production to ensure quality

CUSTOM CIRCULAR LED PANELS

Our new circular LED light panels – available in 1200mm, 1000mm, and 800mm diameter, provide a standout feature for almost any space. They can be installed on most ceilings or mounted as suspended or standoff-style fixtures. Each panel can be custom-printed with scenic imagery or branded graphics, creating a strong visual impact and enhancing atmosphere or brand presence. Modern, versatile, and eye-catching, these panels turn lighting into a design statement.
